

## All-Trades Modules Publishing Notes 2022-23

### All-Trades Product Update

Due to changes resulting from the new [Skilled Trades and Apprenticeship Education Act](#), the content within **Alberta's Industry Network** and **Apprenticeship Training Program** modules, are no longer valid. When the provincial apprenticeship system changes are final, these products will be updated accordingly. Until then, they are not available to order.

These all-trades modules existed both as a standard set of modules, the 65XXXX series, as well as some being embedded directly within various trade packages. The table below lists each of the module numbers that are now Discontinued as a result.

Trade	Apprenticeship Training Program	Alberta's Industry Network	Apprenticeship Programme de formation en apprentissage	Alberta Industry Réseau de l'industrie de l'Alberta
