

Heavy Equipment and Agricultural Equipment Technician Publishing Notes 2022-23

All Heavy Equipment Technician and Agricultural Equipment Technician ILMs will be reviewed in the coming months in preparation for an extensive content update project. The ILM office will be providing more information at the 2023 Alberta Transportation Trades Instructor Conference at Northwestern Polytechnic occurring from June 26th to June 29th 2023.

In 2022 HET modules received 16 maintenance edits due to comments submitted by instructors and students. There were no comments or changes in Agricultural Equipment Technician ILMs.

For more information on the ILM Comments and QA Maintenance process, please visit our website:

All-Trades Product Update: Due to changes resulting from the new [Skilled Trades and Apprenticeship Education Act](#), the content within **Alberta's Industry Network** and **Apprenticeship Training Program** modules, are no longer valid. When the provincial apprenticeship system changes are final, these products will be updated accordingly. Until then, they are not available to order.
